EXPERIENCE

GREEN FOREST CO

Colombia, 2023

I developed and designed web applications at Green Forest Co, using technologies such as HTML, CSS, JavaScript, and React, improving user experience and increasing the efficiency of internal processes. As an Information Systems Analyst and Developer, I collaborated in optimizing application performance and scalability, allowing for greater capacity and better resource management. With over 1 year of Front-End experience, I have demonstrated skills in problem-solving and teamwork in a fast-paced environment.

TECHNOLOGICAL UNIVERSITY OF PEREIRA RESEARCH HOTBED

Colombia, 2022

I competed in a technology research competition at the departmental level and advanced to the regional level in Pereira, Colombia, hosted by the Universidad Tecnologica de Pereira. I demonstrated my expertise and passion for technology, and was recognized for my innovative approach and problem-solving skills.
